

Shubham Kalegore Jr. Software Developer

 shubhamkalegore88@gmail.com  +91 7972987669  Pune, Maharashtra  Shubham Kalegore

PROFILE

Full-Stack Developer with CDAC certification and expertise in .NET, C#, Angular, Spring Boot, Java, and Azure. Proficient in building scalable web applications, RESTful APIs, and microservices using Agile methodologies.

WORK EXPERIENCE

Junior Software Developer Algonautic System	Jun 2024 – present Pune, India
- Integrated Stripe payment gateway using ASP .NET and Spring Boot microservices , enabling secure transactions for 100+ monthly users. - Implemented OpenAPI integration with ChatGPT API in ASP .NET to generate AI-driven email content and in Spring Boot to automate root cause analysis. "Developed a notification service by storing metadata and displaying it by processing it on frontend using Angular." - Built responsive Angular UI with Reactive Forms, optimizing Spring Boot and ASP .NET backend using MVC to enhance performance and user engagement. - Implemented SMTP email delivery using .NET and MailKit, boosting email delivery efficiency - Enhanced Twilio calling integration in by solving critical bugs, improving call success rate. - Ensured 95% code coverage using xUnit , ensuring high-quality code. - Collaborated in Agile sprints using JIRA, completing 90% of tasks on time. - Delivered RESTful APIs 25% ahead of schedule, speeding up project timelines.	

SKILLS

Programming Languages: — C# Java SQL
Backend Technologies: — ASP.NET Spring Boot RESTful APIs Entity Framework
Frontend Technologies: — Angular TypeScript Bootstrap
Databases: — MySQL PostgreSQL
DevOps & Tools — Git Docker JIRA xUnit Moq
Cloud Platform — Azure
Methodologies — Agile Microservices Test-Driven Development

EDUCATION

Post Graduation Diploma in Advance Computing (PG-DAC) Know-IT	Sep 2023 – Feb 2024 Pune, Maharashtra
Bachelor of Technology Walchand Institute of Technology	Aug 2019 – Jul 2022 Solapur, Maharashtra

CERTIFICATES

- Core Java (Sunbeam Infotech) 
- SQL Database (Infosys Springboard) 

PROJECTS

CadenceKing (Outreach Automation System)

Algonautic Systems

- **Features:** **Email** automation, **Twilio** calling, AI-generated emails, **LinkedIn** messaging, profile viewing and automated connection request.
- Integrated Gmail SMTP, Outlook, RabbitMQ, and Azure Service Bus and deployed on Azure for scalability.
- **Tech Stack:** ASP .NET Core MVC, Angular, TypeScript, RabbitMQ, Azure.

MaintEace (Mechanical Industry Management System)

Algonautic Systems

- **Features:** Manage workers, assets, parts, and assign them to work orders with team assignment and AI-based root cause analysis.
- Enabled efficient maintenance tracking for mechanical industries with streamlined workflows and automated issue diagnostics.
- **Tech Stack:** Spring Boot, Angular, PostgreSQL, Azure.

Home Appliances Rental System

- **Features:** Home appliance rental management with user-friendly UI and efficient backend processing.
- Enhanced UI performance using Angular and Bootstrap for a seamless user experience.
- **Tech Stack:** Spring Boot, Angular, Bootstrap, MySQL.
