PROFESSIONAL SUMMARY:

- Around 13 Plus years of overall experience in SDLC, developing Java/J2EE platform applications and DevOps activities.
- Having good working experience in Core Java, Spring, JPA frameworks, and SOAP web services.
- Good understanding of OOP (Object Oriented Programming), CICD, and SQL.
- Exposure to Maven, Jenkins, and Agile methodologies
- Scripting with batch and shell, programming with REST-API
- A self-starter with a positive attitude, willing to learn new concepts and accept challenges

EDUCATION:

Bachelor of Engineering (Electronics & Communication) from **HMSIT Tumkur, VTU, Karnataka.**

TECHNICAL SKILLS:

- | | |
|-----------------------------|---|
| ○ Program Languages | : Java, DSA |
| ○ Frameworks | : Spring, Spring Boot, Spring MicroService ,
Spring Data JPA |
| ○ IDE/Tools | : IntelliJ, Eclipse, VS |
| ○ SCM Tool | : SVN, GIT |
| ○ Application Servers | : Tomcat, Jetty, NGinx |
| ○ Build Tools | : Maven |
| ○ Web Services/Tools | : SOAP, REST API |
| ○ Other Tools | : Apache Kafka |
| ○ Databases | : MYSQL |
| ○ Bug/Defect Tracking Tools | : JIRA, Octane |
| ○ Operating Systems | : Linux, Windows |
| ○ Scripting Languages | : Shell, Batch |
| ○ Code review tools | : Sonar |
| ○ Cloud environments | : Amazon Web Services (AWS) |
| ○ Other technologies | : Jenkins, CICD |

PROFESSIONAL EXPERIENCE

- **Open Text** - Senior Software Engineer (Aug 2018 – Jan 2025)
 - **EVRY India Pvt Ltd** - Senior Software Engineer (May 2015 – July 2018)
 - **Nityo InfoTech Services Pvt Ltd** - Senior Software Engineer (Dec-2014 - Apr-2015)
 - **Primus Global Technologies** - Software Engineer (Feb-2014 to Nov-2014)
 - **K Max IT Professionals** - Software Engineer (Sep-2011 to Jan-2014)
-

PROJECTS SUMMARY:

Project Name - Open Text Content Manager
Duration - Aug-2018 to Jan 2025
Technology - Java 1.8, DSA, Spring Boot 2.1.3, MicroService, Spring Data JPA, Mockito JUnit.
Tools - Apache Kafka, Git, Jenkins, Maven, Octane, AWS, Redis Cache, MySQL.

Roles and Responsibilities:

- Code development – Writing clean and efficient code using best practices.
- Involved in the requirement gathering, analyzing the system/change request requirements.
- Working closely with cross functional teams(QA, DEVOPS and other DEV teams)
- Mentoring the juniors and providing the technical guidance.
- Integrating with the CICD pipeline.

Project Name - EVRY – Account & Cards Evolution - Card Account
Duration - Jan-2016 to July-2018
Client - EVRY Norway.
Technology - Java, Spring, JPA, SOAP web services, REST-API.
CI-CD Tools - Git, Jenkins, Maven, SVN.

Roles and Responsibilities:

- Developing/Coding the services and testing the developed service.
- Providing better estimation regarding the assigned tasks.
- Writing the Junit, integrating with the CICD pipeline.

Project Name - EVRY LF – ESB to ES Migration
Duration - Dec 2014 to Dec 2015.
Client - Länsförsäkringar, Swedish bank.
Technology - Java, Spring, Apache Camel, Maven, SOAP web services, REST-API.
CI-CD Tools - Git, Jenkins, Maven, Ansible, Zabbix, SVN.

Roles and Responsibilities:

- Developing/Coding the services and unit testing the developed service and peer code review and bug fixes.
- Integrating with the CICD pipeline, Automating the build process

Project Name - GATORS Modernization.
Duration - Feb-2014 to Nov-14.
Technology - Java, Servlets, JSP, Spring, Hibernate, Oracle 10G, REST-API
CI-CD Tools - Git, Jenkins, Maven, Ansible, Zabbix, SVN.

Roles and Responsibilities: Coding, Unit testing, Code review. Involved in preparing the unit test plans and technical documents (LLD).

Project Name - EXPERIAN-GIS.
Duration - Sep 2013 to January 2014.
Client - EXPERIAN, Nottingham, UK.
Technology - Java 6.0, Servlets, JSP, Spring 3.0, Hibernate 3.3, Oracle 10G, REST-API
CI-CD Tools - Git, Jenkins, Maven, Ansible, Zabbix, Perforce.

Roles and Responsibilities:

- Coding as per requirement.
- Involved in preparing the unit test plans and technical documents (LLD).

Project Name - West Coast Life Insurance.
Duration - Nov-2012 to Aug-2013.
Client - WEST COAST LIFE INSURANCE COMPANY, USA.
Technology - Java 6.0, Servlets, JSP, Spring 3.0, Hibernate 3.3, Oracle 10G, REST-API.
CI-CD Tools - Git, Jenkins, Maven, Ansible, Zabbix, Perforce.

Roles and Responsibilities: Coding, Unit testing, Code review. Involved in preparing the unit test plans and technical documents (LLD).

Project Name - TAMS II.
Duration - Sep-2011 to Oct-2012.
Client - Genuine Parts Company (GPC).
Technology - Java 6.0, Spring Framework 3.0, JDBC, JSP, Oracle 10G, Tomcat 6.0, REST-API.
CI-CD Tools - Git, Jenkins, Maven, Ansible, Zabbix, Perforce.

Roles and Responsibilities: Coding, Unit testing, Code review. Involved in preparing the unit test plans and technical documents (LLD).

PERSONAL DETAILS:

Name	Gangaraju R
Gender	Male
DOB	1 st April 1985
Marital Status	Married
Languages	English, Hindi, Kannada
