

SANTOSH KUMAR TRIPATHY

Automation Engineer | Test Automation | Agile Methodologies

7608945223 || tripathysantosh508@gmail.com || Bangalore

SUMMARY

QA Engineer with 3+ years of experience in Automation and Manual Testing, specializing in Selenium, TestNG, API testing (Postman). Skilled in developing and executing automated test scripts using Java and integrating with CI/CD pipelines (Jenkins, GitLab). Hands-on experience with Maximo, Service Max, Oracle CC&B, and ATOM Bank applications. Successfully led on-site training in Abu Dhabi for Service Max and Maximo applications. Adept at working in Agile (Scrum) environments, ensuring seamless defect tracking and quality assurance.

EXPERIENCE

Engineer

Cigniti Technologies (A Coforge Company)

06/2021 - Present | Hyderabad

Tools and Technology used: Selenium, TestNG, Postman, Jenkins, Jira, JMeter, Git, Java

- Automated **test cases** using **Selenium** and **TestNG**, reducing manual testing efforts by 40% and accelerating release cycles.
- Conducted **regression test executions** across multiple environments in **Agile frameworks**, ensuring 99% defect-free releases before production deployment.
- Reported and tracked **100+ defects** using **JIRA**, improving defect resolution time by 30% and enhancing software quality.
- Integrated **automated scripts** with **Jenkins CI/CD pipelines**, reducing deployment failures by 35% and ensuring smooth test execution.
- Collaborated with **10+ cross-functional teams**, resolving 95% of issues in the first testing cycle, improving efficiency.
- Maintained **100% test documentation accuracy**, enabling seamless audits and compliance for regulatory requirements.
- Executed **API testing** using **Postman**, validating over **50+ microservices**, ensuring seamless system integration and data flow.

PROJECTS

ADDG (Abu Dhabi Distribution Company)

06/2022 - Present

ADDG manages electricity and water distribution across Abu Dhabi, ensuring sustainable delivery to over **1 million service points**.

- Streamlined **500+ test cases** using **Selenium WebDriver with Java**, reducing manual testing efforts by 40% and accelerating software release cycles.
- Developed **50+ automation scripts** using **TestNG, Java, and Selenium**, boosting test efficiency by 40% and reducing manual effort.
- Participated in **50+ Agile ceremonies**, including sprint planning, backlog grooming, and retrospectives, aligning testing efforts with development goals.
- Provided **25+ test reports and defect analysis insights**, helping stakeholders make informed decisions on release readiness and reducing deployment risks.
- Coordinated **defect resolution** with developers/testers, reducing issue turnaround time by 25% and improving overall software quality.
- Authored detailed **test documentation**, reducing QA onboarding time by 50% and optimizing future testing processes.

ATOM Bank

09/2021 - 05/2022

Atom Bank is the UK's first mobile-only bank, offering mortgages, business loans, personal loans, and savings accounts through a seamless digital banking app.

- Designed and carried out **500+ test cases**, ensuring **99% accuracy** in validating critical banking functionalities and enhancing system reliability.
- Performed 200+ manual test executions**, identifying and reporting 100+ critical defects, reducing production issues by 40%.
- Executed **50+ regression test cycles**, ensuring seamless implementation of new features with **zero major defects post-deployment**.
- Participated in **daily Agile stand-ups**, collaborating with **cross-functional teams** to clarify requirements and improve test coverage.
- Conducted **SQL-based database testing**, validating **500+ transactions per cycle** to ensure data integrity and system reliability.
- Created 200+ test cases using Selenium WebDriver with Java, improving defect detection rate by 30% and ensuring test coverage.
- Provided **regular status updates** to **project managers**, ensuring transparency in testing progress, risks, and mitigation strategies.

EDUCATION

Bachelor of Technology in Information Technology
Biju Patnaik University of Technology

08/2016 - 10/2020 Odisha

KEY ACHIEVEMENTS

On-site Training Achievement

Successfully led on-site training in Abu Dhabi for Service Max and Maximo applications, significantly contributing to team capability and project delivery

CERTIFICATION

Service Max and Maximo Application Training Certification

Completed on-site Service Max and Maximo Application Training Program and earned certification from Abu Dhabi Distribution Company (ADDC)

SKILLS

Manual Testing

Test Case Design, Functional Testing, Regression Testing, Integration Testing, Sanity Testing, Smoke Testing, White-Box Testing, Black-Box Testing, End-to-End Testing, Exploratory Testing, Defect Logging

Automation Testing

Selenium WebDriver, TestNG, Page Object Model (POM), Java (Core java Collections), Automated Regression Testing, Cucumber and BDD Frameworks

API & Performance Testing

API Testing, Postman, REST API Testing

Tools & Technologies

JIRA, Oracle SQL, Eclipse, IBM Maximo, Service Max, Oracle CCGB, ATOM Bank Applications, Mobile App Testing, Microsoft Excel, Version Control (Git)

Agile & SDLC Processes

Agile Methodologies, Scrum, SDLC, STLC, Sprint Planning, Daily Stand-ups, Requirement Analysis, Test Planning, Defect Tracking, UAT Support, Documentation G Reporting

Soft Skills & Collaboration

Problem-Solving, Analytical Thinking, Communication Skills, Team Collaboration, Quick Learning, Presentation Skills, Client Interaction, Onsite Coordination, Multi-tasking, Attention to Detail
