WORK EXPERIENCE

Flutter Developer

Maxpro Technologies Pvt. Ltd | Sep 2024 – Present

Project 1 : AKT

Built Driver & Customer apps in Flutter for real-time cab booking. Integrated Google Maps, Firebase, push notifications, location tracking, and booking acceptance.

Project 2 : Bigbin

Developed a waste collection app with real-time tracking, location services, role-based dashboards, and API-driven schedule management.

Project 3 : AKOSS POS

Created a kitchen POS app with QR-based orders, real-time updates, and inventory tracking, using Firebase Firestore and multi-device sync.

Skills and technologies used : [Git](#), [GitHub](#), [RestAPI](#), [GetX](#), [Provider](#), [Firebase](#), [Google map Integration](#).

Flutter Developer

Gevinst Technologies Pvt. Ltd | May 2023 – Mar 2024

Project 1 : TrackMyWay (TMW)

Built cross-platform, responsive UIs using Flutter. Collaborated on app development and API integration. Ensured app performance, responsiveness, and scalability.

Project 2 : Cattle Census (CC)

Designed user-friendly interfaces for data entry, reporting, and visualization. Created accurate digital forms and integrated geolocation for mapping farms.

Flutter Developer

Appstech Automation Solutions Pvt. Ltd | January 2022 – April 2023

Project 1 : Pre-Cast Work Competency Cell (PWCC)

Developed UIs with Flutter and Material Design. Integrated third-party APIs, resolved issues, and optimized performance using MVC architecture.

Project 2 : CONEASE

Handled layouts, gestures, animations, and widget lifecycles. Integrated REST APIs and SDKs. Converted wireframes into responsive code and ensured cross-platform compatibility

Process Associate

Cviac Consulting Pvt. Ltd | July 2019 – August 2020
